### Descripción

The Foscarini Circus Grande is a wall or ceiling light, characterized by the "knob" of nickel-plated metal in the middle of the lamp shade. The circular shade is made of handblown, glossy glass. The glossy surface creates light reflections. This lamp is available in two sizes: the Circus Grande has a diameter of 46 cm and the Piccola is equipped with a diameter of 32 cm. The wall and ceiling lamps can be dimmed by the appropriate light sources. The lighting series was designed by Defne Koz in the year 1994.
