

Byok

Nastrino wall lamp

Oberfläche

- aluminio mate
- negro mate

Technical details

País de la Fabricación	 Alemania
fabricante	Byok
diseñador	Kai Byok
protección	IP20
Volumen de suministro	LED
Proyección en cm	55
material	aluminio
longitud del cable	300 cm
Atenuación	control por movimientos
LED	reemplazado por el profesional
Indice de reproduccion cromatica	90
Temperatura de color en grados Kelvin	Dim to warm
El rendimiento del sistema	2 x 3,6 Watt
Flujo total luminoso en lm	610
distribución de la luz	directamente
Dimensions	H 60 cm

Descripción

The Byok Nastrino wall lamp is equipped with high-quality LED technics, combined with two dazzle-free light zones, to create the ideal working light. This is underlined by the well designed joint technics. Due to the sophisticated joint technique of the Nastrino family, it can be adjusted in a variety of ways, thus aligning the light exactly there, where it is needed.

The design consists of simple ground aluminium profiles. Different surfaces are on offer: matt aluminum and matt alu black. The Nastrino wall lamp ensure ideal light whether it is mounted beside the couch or the chair as an efficient reading light or in the office next to the desk. It is dimmed with gesture control. During dimming thanks to the Dim2Warm technology, the light takes on a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
