

Vibia

Puck 5400

Technical details

País de la Fabricación	 España
fabricante	Vibia
diseñador	Jordi Vilardell
protección	IP20
Volumen de suministro	Lámpara
Profundidad en cm	6
Diámetro en cm	16
material	aluminio, vidrio Opal
superficie	blanco
Atenuación	Regulable en el sitio
base/portalámparas	G9
Alimentación (máx. Watt)	5 Watt
Dimensions	Ø 16 cm

Descripción

The Vibia Puck 5400 is both suitable for use as wall lamp or as a ceiling light made of white satin and triple blown opal glass. Aptly named for its 5400 form that is similar with a little imagination of a puck. Due to the moderate size of 16 cm diameter and 6 cm depth the puck is 5400 particularly versatile. It is also conceivable that several lights of this variation can be used.
