Technical details

País de la Fabricación	 España
fabricante	Vibia
diseñador	Lievore Altherr Molina
año	2012
protección	IP20
Volumen de suministro	LED
material	acero, aluminio, metacrilato
ajuste de altura	altura determinada
Atenuación	1-10V regulable
LED	incluyendo
Indice de reproduccion cromatica	>90
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Diamètre de l'ombre	30 cm
El rendimiento del sistema	5 x 9,3 Watt
Flujo total luminoso en lm	5.205
altura total	200 cm
Dimensions	B 64 cm L 148 cm

Descripción

The Vibia Skan 0282 is a pendant lamp with five lamp shades. From an elongated canopy with a length of 147.5 cm five lamp shades hang, each 30 cm in diameter. In each of these lamp shades one efficient 9.3 watt LED is installed. Each lamp shade is determinable in total height up to 200 cm. The Skan was an idea of the design team Lievore, Altherr and Molina. It is available in white, terra red, beige, blue, green or black. The lamp is with 1-10 Volt or Push dimmable on site. On request, versions are available that are DALI dimmable or which are dimmed by smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer. The lamps are also available on request with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white or with a special cable length.
