

Vibia

Halo Circular 2332

Technical details

País de la Fabricación	 España
fabricante	Vibia
diseñador	Martín Azúa
protección	IP20
Volumen de suministro	LED
material	acero, polimetilmetacrilato
superficie	blanco
ajuste de altura	altura determinada
Atenuación	1-10V regulable
LED	incluyendo
Indice de reproduccion cromatica	>80
Temperatura de color en grados Kelvin	3.000 blanco cálido
Dimensiones del dosel	35 cm
El rendimiento del sistema	3 x 23 Watt
Flujo total luminoso en lm	5.180
altura total	350 cm
Dimensions	B 80 cm L 127 cm

Descripción

The Vibia 2332 is a three-lighted pendant lamp with modern LED technology. It was created by the designer Martín Azúa, who designed the lamp with three circular elements made of matt white PMMA. Each one of these three elements can be set in height separately and can be suspended up to a maximum of 350 cm. The lamp is free to hang horizontally or diagonally. Three efficient LEDs are included. The lamps are electronically dimmable from 1-10V. On request there are also offered a DALI as well as a dimmable version with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
