### Descripción

The Vibia Fold Surface 4202 was created by Arik Levy who designed the lamp with a lamp body made of aluminum. The geometric wall mounted light seems to be composed from three individual lamps, but, in truth, has only a single rectangular light body with three interrelated elements lights. This wall lamp is offered in off-white (cream-white), brown and green. As bulbs six efficient 2.1 watt LEDs are included. Compiled with other lamps of the series, an infinite number of possible combinations is possible.
