

Foscarini

Tress Terra grande LED

Oberfläche

- crudo gris-amarillento
- negro
- blanco

Technical details

País de la Fabricación	 Italia
fabricante	Foscarini
diseñador	Marc Sadler
protección	IP20
Volumen de suministro	LED
Diámetro en cm	25
material	aluminio, La fibra de vidrio, metal
longitud del cable	210 cm
Atenuación	cable de dimmer
conmutabilidad	conmutable por separado
Potencia en vatios	58,2 W
LED	incluyendo
Indice de reproduccion cromatica	>90
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Flujo total luminoso en lm	5.624
distribución de la luz	luz de la habitación
Dimensions	H 195 cm Ø 25 cm

Descripción

The Foscarini Tress Terra grande LED is a floor light with a height of 195 cm and a diameter of 25 cm at the top. Below it has the diameter of 20 cm, so it looks like a pillar. As materials fiberglass, painted metal and aluminum were chosen, one braid-like structure was created with holes through which the light shines outwards. At the same time light is emitted upwards.

For Tress Terra grande LED these surfaces are available: greige (grey-beige), black and white. The upper and the lower light source can be operated separately via a switch on the supply line. In addition, a cord dimmer to regulate the light intensity is present. As a designer, Marc Sadler is responsible, he also created several other Tress models for Foscarini except this light.
