Annex Suspension LED clear aluminium

Version

- Large
- Medium

Farbtemperatur in Kelvin

- 2.700 extra blanco cálido
- 3.000 blanco cálido

Technical details

País de la Fabricación	 Alemania
fabricante	Serien Lighting
diseñador	Uwe Fischer
protección	IP20
Volumen de suministro	LED
material	aluminio, vidrio
ajuste de altura	altura determinada
Atenuación	dimnable con control de fase inversa y con reguladores de control de fase
LED	incluyendo
Indice de reproduccion cromatica	>97
Dimensiones del dosel	11 cm
reemplazo de la bombilla:	en el sitio mismo

Descripción

This Serien Lighting Annex LED pendant lamp has a clear, mouth-blown glass shade and a reflector made of polished aluminum. The light is mainly emitted directly downwards by this lamp. Only a small part of the light is also diffusely emitted to the side and upwards. The lamp is suspended from the ceiling with a chrome-plated steel tube that can be shortened on site if necessary.

The Annex Ceiling LED is offered in two sizes: Medium with a total height of 114 cm and Large with 119 cm. In each size, this lamp is operated with an integrated LED. Depending on the size, the integrated LED has a different output. This lamp is available with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. As standard, the pendant lamp can be dimmed on site with a trailing edge and / or leading edge phase dimmer.

On request, the Medium and Large versions are also available as DALI dimmable versions. These require a 5-wire mains supply cable. In addition to this pendant lamp, lamps with other reflectors from the Annex series are also offered. These have a different light distribution.
