### Descripción

The Foscarini Anisha Piccola should reflect the balance between emptiness and fullness. In the top of the light several LEDs are incorporated, which lights inside the lamp and so create up on the wall and floor a beautiful game of light.

It has the dimensions 32 x 23 x 5 cm, so it is the smaller version of this lamp.

In the Piccola Anisha a touch dimmer is integrated, which responds to the slightest touch of the finger, so that an individual light intensity can be generated at any time.
