Descripción

The Luceplan Fortebraccio Table lamp with switch has a central joint, which allows the two arms to be rotated independently. One arm has a length of 44 cm, the other is 35.5 cm long. With a practical handle on the lamp head, it is possible to adjust the light as desired. The purposeful lighting is therefore particularly suitable as a reading light.

This Fortebraccio light is the table lamp with table base. In addition, it is offered as a wall or table lamp with wall mounting, table clamp or as a recessed lamp (called Table and Wall lamp). The on / off switch is located on the light head. The table lamp is offered in the surfaces white, metal and black soft touch. The lamp base always has the same surface as the lamp body. Alberto Meda & Paolo Rizzatto designed the Fortebraccio Tavolo 1998.
