## Flamingo 1515

### Version

- oro
- Gris grafito
- cobre
- blanco

### Technical details

<b>País de la Fabricación</b>	 España
<b>fabricante</b>	Vibia
<b>diseñador</b>	Antoni Arola
<b>año</b>	2015
<b>protección</b>	IP20
<b>Volumen de suministro</b>	LED
<b>material</b>	acero, acrílico, aluminio, metacrilato
<b>ajuste de altura</b>	altura determinada
<b>Atenuación</b>	cable de dimmer
<b>LED</b>	incluyendo
<b>Indice de reproduccion cromatica</b>	>90
<b>El flujo luminoso en lm</b>	1.108
<b>Temperatura de color en grados Kelvin</b>	2.700 extra blanco cálido
<b>Dimensiones del dosel</b>	16 cm
<b>Diamètre de l'ombre</b>	70 cm
<b>El rendimiento del sistema</b>	2 x 5,6 Watt
<b>altura total</b>	500 cm
<b>Dimensions</b>	H 80 cm

### Descripción

Vibia Flamingo 1515 emits direct and indirect light. The light source is located in a lamp head below the two conical shades. The translucent shades let a part of the light go through and also reflect a part of the light into the room. A cable is integrated into the lamp head, with which the pendant light can be connected independently of the current outlet. The lamp head also carries a cable from which a counterweight hangs approximately 2 cm above the floor. The lamp head, the counter-weight as well as the canopy are available in gold satin matt, white matt lacquered, graphite-grey matt lacquered and copper glossy. The pendant lamp can be adjusted in height by shortening the cables if required.

A dimmer is integrated on the supply cable with which the light is dimmed and switched. The light is switched on and off by pressing the switch quickly, and a longer press sets the light intensity. There is also available the same lamp as with a direct ceiling connection.
