

Vibia

Flamingo 1530

Version

- oro
- cobre
- grafito
- blanco

Technical details

País de la Fabricación	 España
fabricante	Vibia
diseñador	Antoni Arola
año	2015
protección	IP20
Volumen de suministro	LED
material	acero, acrílico, aluminio, metacrilato
ajuste de altura	altura determinada
Atenuación	1-10V regulable
LED	incluyendo
Índice de reproducción cromática	>90
El flujo luminoso en lm	1.662
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	16 cm
Diamètre de l'ombre	90 cm
El rendimiento del sistema	3 x 5,6 Watt
altura total	350 cm
Dimensions	H 100 cm

Descripción

The Vibia Flamingo 1530 has two lamp heads. One lamp head contains two LEDs and is located below the three shades. This lamp head emits direct light and indirect light. A part of the light is directed upwards by the translucent shades, a part of the light is reflected from the shades also into the room. For additional ceiling illumination, the second lamp head illuminates the top shade, which mainly reflects the light to the ceiling.

The shades are made of opal white, thermoplastic methacrylate, the lamp heads made of aluminum. The light heads are available in gold satin matt, graphite-grey matt lacquered, white matt lacquered and copper glossy. The canopy is always in the matching colour to the lamp heads. The suspension height of the pendant lamp can be varied by shortening the cables. The light can be dimmed on site. A via smartphone with Casambi module dimmable version is also available on request.
