Descripción

The Catellani & Smith Turciu 5 is a wall lamp with five individually mouldable arms. Each arm can be adjusted individually, allowing the light distribution of this lamp to be changed again and again. The lamp arms are available in brass or nickel-plated. The wall bracket is nickel-plated in both versions. The lamp arms each have a length of 75 cm. A light source is integrated at the end of each arm. This wall lamp is operated with interchangeable LED retrofit lamps.
