### Descripción

The Foscarini Birdie LED Grande Tavolo is a table lamp with a total height of 70 cm. An LED is integrated as a light source, which can be regulated via a touch dimmer on the branched arm of the light rod. With the touch dimmer, the lamp can be switched on and off as well as gradually dimmed. The table lamp is available in copper, grey, white, graphite and aquamarine (verde acqua). The Birdie LED Grande Tavolo emits the light simultaneously into the room and directly downwards. The lamp base is made of die-cast zinc alloy, the light rod of steel.
