Descripción

The Karman Alibabig Indoor Floor Lamp H625V-INT is a white fiberglass wall and stand floor lamp. When the light is off, the material is opaque. Once the light is on, the material becomes translucent and produces excellent lighting effects. Flat on one side, this lamp can be placed on the floor in a horizontal position, but can also be placed upright and on the wall. The light illuminates the entire lamp, from the base to the lampshade. The white Karman Alibabig floor lamp H625V-INT is 130 cm long, 73 cm wide and 48 cm high. The base of this extraordinary lamp has a diameter of 58 cm. This lamp has a transparent 400 cm long connecting cable. The four lamps supplied can be replaced thanks to the E-27 sockets used.
