

Bover

Garota Hang

Aufhängung

- marron
- blanco

Technical details

País de la Fabricación	 España
fabricante	Bover
diseñador	Alex Fernandez Camps
año	2015
protección	IP66
Volumen de suministro	LED
material	acero Inoxidable, aluminio, polietileno
Color del cable	negro
longitud del cable	390 cm
ajuste de altura	altura determinada
Potencia en vatios	8,4 W
LED	incluyendo
Indice de reproduccion cromatica	90
El flujo luminoso en lm	1.122
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Diamètre de l'ombre	27 cm
Altura de pantalla	16 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
distribución de la luz	indirectamente

Descripción

The Garota Hang pendant lamp by the Spanish manufacturer Bover has a round lamp shade made of a weather-resistant, synthetic wickerwork. The light of the Bover Garota Hang is emitted directly downwards and through the wickerwork to the sides. The suspension is available in white or graphite brown. The lamp shade of the Bover Garota Hang has a diameter of 27 cm and a height of 16 cm. The lamp with white suspension has an ivory white lamp shade, the one with brown suspension has a brown shade. The metal surfaces of this lamp are painted with an epoxy-polyester lacquer and are therefore weatherproof. The Bover Garota Hang is weatherproof thanks to its IP66 rating and is also protected against UV radiation. This LED light comes with a black waterproof neoprene cable. The length of the plug lead, where the LED driver is integrated, is 390 cm. The Bover Garota Hang pendant light can be installed especially flexible in outdoor areas, as it does not require a ceiling outlet and is simply supplied with power via a plug lead, but is also perfectly suited as an indoor light. Rubber suspensions are used for easy suspension, making it easy to hang it in many different places (included in delivery).
