

Knapstein

LINDA-92

Oberfläche

- níquel
- negro
- bronce

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
diseñador	Knapstein
año	2020
protección	IP20
Volumen de suministro	LED
material	latón
ajuste de altura	altura ajustable
Atenuación	control por movimientos
Potencia en vatios	43 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	5.150
Temperatura de color en grados Kelvin	2200 - 3000 ajustable
reemplazo de la bombilla:	en el fabricante / en la fabrica
altura total	73 - 180 cm
Dimensions	H 3,4 cm B 1,6 cm L 92 cm

Descripción

The Knapstein LINDA-92 pendant lamp has a length of 92 cm. By pulling or lifting the lamp itself, the total height of the lamp can be adjusted between 73 cm and 180 cm. The lamp can also be suspended at an angle. The pendant lamp emits its light simultaneously upwards and downwards. The uplight and downlight can be switched and dimmed separately by gesture control. The light colour can also be adjusted separately for the uplight and downlight to a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved via the memory function and are automatically reset when the light is next switched on.

The sensor area for gesture control is located centrally on the lamp. The lamp is switched on or off by a wiping movement of the hand in the sensor area. To change the light intensity, the hand is held longer in the sensor area. The desired light colour can then be set by holding the hand in the sensor area again for a longer time. The LINDA-92 is available in matt nickel, black or bronze effect. In addition, pendant lamps with a length of 112 cm, 132 cm or 152 cm are also offered from the series. On request, the LINDA is also available in other lengths or surfaces.
