

Knapstein

LINN-L161

Oberfläche

- níquel
- negro

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
diseñador	Knapstein
año	2019
protección	IP20
Volumen de suministro	LED
material	metal
ajuste de altura	altura ajustable
Atenuación	control por movimientos
Potencia en vatios	51 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	5.815
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
reemplazo de la bombilla:	en el fabricante / en la fabrica
altura total	73 - 180 cm
Dimensions	H 3,4 cm B 1,6 cm L 161 cm

Descripción

The Knapstein LINN-L161 is a pendant lamp with a length of 161 cm. By pulling or lifting the lamp itself, the total height can be adjusted between 73 cm and 180 cm. The lamp can also be suspended at an angle. The lamp emits its light simultaneously upwards and downwards. The uplight and the downlight can be switched separately by gesture control and infinitely dimmed. The sensor area for gesture control is located centrally at the top and bottom of the lamp. The pendant lamp is switched on or off with a wiping movement of the hand. The lamp can be dimmed continuously by holding the hand in the sensor area for a longer period of time. A memory function saves the last light intensity set and automatically selects it the next time the lamp is switched on.

The LINN-L161 pendant lamp is available in matt nickel and black. A lamp with a length of 128 cm is also offered from the series. In addition, LINN pendant lamps are available with height adjustment by stoppers on the cables. These are offered in a length of 68 cm, 128 cm or 161 cm. On request, the LINN is also available in other lengths or surfaces.
