

Knapstein

SVEA-60

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
diseñador	Knapstein
protección	IP20
Volumen de suministro	LED
Diámetro en cm	60
material	metal
ajuste de altura	altura determinada
Atenuación	control por movimientos
Potencia en vatios	50 W
LED	incluyendo
Índice de reproducción cromática	>90
El flujo luminoso en lm	5.559
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	24 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
altura total	30 - 235 cm
Dimensions	H 3,4 cm Ø 60 cm

Descripción

The Knapstein SVEA-60 is a ring-shaped pendant lamp with a diameter of 60 cm. The light is emitted by this lamp both upwards and downwards. Its uplight and downlight can be switched separately and dimmed continuously by gesture control. The sensor area for gesture control is located centrally at the top and bottom of the lamp. The light is switched on or off by a wiping movement of the hand in the sensor area. To dim the lamp continuously, hold your hand in the sensor area for a longer period of time.

The SVEA-60 pendant lamp has a matt nickel finish. The pendant lamp by Knapstein is height-determinable between 30 cm and 235 cm with the stop sleeves on the underside of the ceiling canopy. By pushing in the stop sleeves on the ceiling canopy, the cables of the lamp can be pushed or pulled into the desired position. From the series, the SVEA-L60 is also offered with a stepless height adjustment by pulling or lifting the lamp. The lamp is also available with a diameter of 40 cm or 80 cm. On request, the SVEA is also offered in other lengths or surfaces.
