

LDM

Wyng Dot

Oberfläche

- bronce
- plata
- blanco

Version

- con módulo Casambi
- dimmable con control de fase inversa y con reguladores de control de fase

Technical details

País de la Fabricación	 Alemania
fabricante	LDM
diseñador	Lasch + Prillwitz
protección	IP20
Volumen de suministro	LED
material	aluminio, vidrio acrílico
Color del cable	transparente
ajuste de altura	altura determinada
Potencia en vatios	32 W
LED	incluyendo
Indice de reproduccion cromatica	90
El flujo luminoso en lm	3.232
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	7 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
altura total	120 cm
Dimensions	H 23 cm B 39 cm L 64 cm

Descripción

The LDM Wyng Dot is a pendant lamp made of transparent acrylic glass. The acrylic glass is printed with a precise dot grid. The integrated LED provides an even, absolutely glare-free light. During installation, the lamp can be suspended at a downward or upward angle. When the lamp is tilted downwards, the point grid is located on the top and the greater part of the light is emitted downwards. The Wyng Dot is available in white, silver metallic and bronze. Its canopy is always delivered in the matching surface.

The pendant lamp is available in two versions: dimmable on site with a leading or trailing edge phase dimmer or with integrated Casambi module. The version with Casambi module can be dimmed with the Casambi App via Bluetooth using a smartphone / tablet. The ropes of the Wyng Dot can be shortened if required. Special rope lengths are also available on request. The pendant lamp is also offered as Wyng Cube with a square grid on the acrylic glass.
