Descripción

The pendant lamp Tibeta Set 3 by the Spanish manufacturer Bover has three differently shaped lampshades made of shiny metallic aluminium. Each of the shades of this pendant lamp is provided with regular twisted cross grooves. Inside one of the shades is a methacrylate diffuser which directs the light downwards without glare. This LED pendant lamp is available in antique brass, brilliant copper or black chrome alloy. The rectangular ceiling suspension of the Bover Tibeta Set 3 pendant lamp is 2.9 cm high, 70 cm wide and 8 cm deep. The pendant lamp has an antique brass surface and a black chrome alloy surface with a black cable, and a copper-coloured cable with a brilliant copper surface. The cables of this LED pendant lamp can be shortened if required. This on-site dimmable (TRIAC) lamp changes the colour temperature from 2900-3200 Kelvin when dimmed.
