

Knapstein

ELEA-T

Oberfläche

- latón
- níquel

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
diseñador	Knapstein
protección	IP20
Volumen de suministro	LED
Proyección en cm	75
material	latón
Atenuación	Toque atenuadores de luz en la cabeza
Potencia en vatios	15 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	max. 1.500
Temperatura de color en grados Kelvin	2700 - 5000 ajustable
Diamètre de l'ombre	14 cm
Dimensiones del soporte de la lámpara	17 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
Dimensions	H 35 cm

Descripción

The Knapstein ELEA-T is a table lamp with a rotatable and tiltable lamp head. The lamp can be tilted as desired via a ball joint on the lamp base. There is another joint on the arm of the lamp, with which the table lamp can be aligned at any time. The ELEA-T has two push button dimmers on the lamp head: the light intensity can be dimmed with one push button dimmer. With the other push button dimmer, the light colour of the integrated LEDs can be mixed from 2,700 Kelvin extra warm white to 5,000 Kelvin cool white. The last light intensity set is saved via the memory function and is automatically reset the next time the light is switched on. In the event of a power failure, the lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off. This function is suitable for use with switchable sockets. The table lamp is offered in matt brass and matt nickel finishes.
