Descripción

The Knapstein JADE pendant lamp can be adjusted in height between 66 cm and 161 cm via a handle at the bottom of the lamp. Three light sources emit their light directly downwards and diffusely through the lamp shade into the room. The lamp shade also contains two other lamps that emit light directed upwards. The lamps can be switched separately at the top and bottom using the pull switch. The five E27 sockets can be operated with different LED retrofits. **The bulbs are exclusive.**

The JADE from Knapstein is available in matt brass and bronze surfaces. The brass version is supplied with a lamp shade in raw white. The bronze version has a shade in cream. All shades are made of chintz fabric. The lamp shade of the JADE is 25 cm high and has at the bottom a diameter of 52 cm. On request, the pendant lamp is also offered with other shade materials or sizes.
