

Knapstein

NELE-T

Oberfläche

- latón
- níquel

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
diseñador	Knapstein
protección	IP20
Volumen de suministro	LED
Proyección en cm	60
material	latón
Atenuación	Toque atenuadores en la base de la lámpara
LED	incluyendo
Indice de reproducción cromática	>90
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del soporte de la lámpara	17 cm
cabeza del alumbrado masa	14 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
El rendimiento del sistema	4 x 4,5 Watt
Flujo total luminoso en lm	1.852
Dimensions	H 50 cm

Descripción

The Knapstein NELE-T is a table lamp with a swivel and tilt joint on the lamp head. This means that the lamp head can be realigned at any time. In addition, the lamp can be swivelled and rotated as required via joints on the lamp arm and base. The maximum projection of the lamp is 60 cm. The NELE-T from Knapstein is available in matt brass, and matt nickel-plated surfaces. The table lamp can be switched and dimmed via a push button dimmer on the base of the lamp. With a memory function, the last set light intensity is saved and automatically set again the next time the lamp is switched on. In the event of a power failure, the lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off. This function is suitable for use with switchable sockets. Four LEDs with a colour temperature of 2,700 Kelvin extra warm white each are included.
