<b>Volumen de suministro</b>	LED 230 Volt
<b>Proyección en cm</b>	44
<b>material</b>	latón, vidrio
<b>base/portaámparas</b>	G9
<b>conmutabilidad</b>	en el soporte de pared
<b>Alimentación (máx. Watt)</b>	7 Watt
<b>cabeza del alumbrado masa</b>	5 cm, altura 9 cm
<b>reemplazo de la bombilla:</b>	en el sitio mismo
<b>Montaje en pared Dimensiones</b>	7 cm

## Descripción

The Knapstein VADA wall lamp has a flexible reading arm that can be realigned at any time. The reading arm has a maximum projection of 44 cm. The lamp head of the reading arm is made of white satinised lead crystal glass. The light is thus emitted directly and glare-free into the room. The Knapstein VADA is available in the following surfaces: brass matt, brass polished-matt and nickel matt. The surface of the version brass polished-matt is partly polished and partly matt. The wall bracket is always supplied with the surface finish matching the lamp. An on/off switch is integrated on the wall bracket. A replaceable LED lamp can be used for the G9 socket.
