Descripción

The Foscarini Spokes 2 Midi MyLight pendant lamp is 45 cm high and has a diameter of 45 cm. Its lamp shade consists of vertically arranged spokes made of round steel tubes. The lamp is available in the surfaces white, graphite, black, gold and copper. LEDs are integrated as illuminants. The electrical supply cable is routed along a spoke, so it is not visible from the outside. The Spokes pendant lamp is supplied with a maximum 340 cm long cable, which can be shortened if necessary. On request, the lamp is also available with a longer cable.

The Spokes 2 Midi MyLight is regulated and dimmed via Bluetooth with Casambi App by smartphone or tablet (IOS, Android). In this way, it can be regulated in light intensity from 0-100% without the need for new devices, wiring, switches or internet connections. The lamp only needs to be installed and connected to a smartphone or tablet via Bluetooth. Additional configurations by qualified personnel are not required. The pendant lamp is also offered by Foscarini as a lamp that is non-dimmable or DALI dimmable.
