Descripción

The Bomma Soap Small is a pendant lamp made of mouth-blown crystal glass. The Soap collection was inspired by the characteristic features of soap bubbles: iridescent colour gradients, transparency and irregular shapes. Especially when switched on, the lamps glitter and shimmer because of their metal coating. Each glass is mouth-blown without a mould and is therefore unique, so that shape, size and colour intensity can vary.

The Soap Small is offered in the surfaces gold, silver, blue, matt and clear. The cable made of grey textile mesh has a maximum length of 250 cm and can be shortened if necessary. On request, the pendant lamp is also available with other cable lengths. For the E27 socket, an LED retrofit bulb with a maximum power of 13 watts is recommended. The Soap Large and Mini pendant lamps are also available from the series.
