

LDM

Wyng Wall 6 Cube

Oberfläche

- bronce
- plata
- blanco

Dimmbarkeit

- dimmable con control de fase inversa y con reguladores de control de fase
- con módulo Casambi

Technical details

País de la Fabricación	 Alemania
fabricante	LDM
diseñador	Lasch + Prillwitz
protección	IP20
Volumen de suministro	LED
material	aluminio, vidrio acrílico
Potencia en vatios	32 W
LED	incluyendo
Indice de reproduccion cromatica	90
El flujo luminoso en lm	3.232
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
reemplazo de la bombilla:	en el fabricante / en la fabrica
Dimensions	B 60 cm L 60 cm

Descripción

The LDM Wyng Wall 6 Cube is a wall and ceiling lamp with a hexagonal lamp shade. Its shade has a width and length of 60 cm each. It consists of transparent acrylic glass and is printed with a precise square pattern on the inside. The light source is an integrated LED with a colour temperature of 2,700 Kelvin extra-warm white, which emits 80 % of its light directly to the front. The rest of the emitted light is distributed indirectly at the wall or ceiling by the square screen-printed motif.

The Wyng Wall 6 is available with a wall bracket in white, silver metallic and bronze finishes. The wall and ceiling lamp is offered in two versions: dimmable on site with a trailing edge and / or leading edge phase dimmer or with an integrated Casambi module. With a Casambi module, it is possible to operate the light by smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the possibility of regulating several suitable lamps in groups. On request, the lamp is also offered DALI dimmable. In addition to this Wyng, LDM also offers a wall and ceiling lamp from the lamp series with a dot pattern on the acrylic glass.
