Technical details

País de la Fabricación	 Alemania
fabricante	Betec
diseñador	Horst Lettenmayer
protección	IP20
Volumen de suministro	LED
Proyección en cm	17
material	latón
Atenuación	dimmable con control de fase inversa y con reguladores de control de fase
Potencia en vatios	9,3 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	931,1
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensions	H 30 cm L 66 cm

Descripción

The Betec Clarus is ideal for picture, menu and music stand lighting. It has a lamp head that can be rotated around its own axis and thus illuminates a picture without glare. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting. Here it is offered with a length of 66 cm and a projection of 17 cm (bracket type 17).

The Betec Clarus 66 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The scope of delivery includes a mounting set with which the light can be easily attached directly to a picture or to the wall. As standard, the picture light is offered with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED is characterised by excellent colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. Betec offers the Clarus picture light in ten other lengths and with a projection of 11 cm or 22 cm.
