Technical details

País de la Fabricación	 Alemania
fabricante	Domus
año	1988
protección	IP20
Volumen de suministro	Leuchtmittel/ Bulb
Diámetro en cm	18
material	aluminio, Lunopal, madera
Color del cable	transparente
Atenuación	Regulable en el sitio
base/portálámparas	E27
conmutabilidad	en la delantera
Alimentación (máx. Watt)	75 Watt
Color de la pantalla	blanco
altura total	38 cm
Dimensions	Ø 18 cm

Descripción

The warm light of the white Lunopal really brings out the best in the lamp base made of fine real wood. The curved lampshade made of Lunopal is shaped with two push buttons and held in a ring made of brushed aluminium. Lunopal is a high-quality shade material developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The environmentally friendly material is UV-resistant, washable and does not yellow. The base of the lamp is made of real wood and is available in a choice of beech or walnut finish. This table lamp has a diameter of 18 cm and is 38 cm high. On the transparent supply line of the Garde table lamp by the manufacturer Domus, there is an on/off switch. The table lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
