Atenuación	dimmable con control de fase inversa y con reguladores de control de fase
Potencia en vatios	3,8 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	253,9
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensions	H 28 cm L 26 cm

Descripción

This Betec Clarus is a picture light with a length of 26 cm and a projection of 22 cm (bracket type 22). It has a lamp head that can be rotated around its own axis. This ensures glare-free lighting and makes it ideal for illuminating pictures, menus and music stands. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting.

The Betec Clarus 26 cm is available in the following surfaces: brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The scope of delivery includes a mounting set with which the lamp can easily be mounted directly on a picture or on the wall. The picture light has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. Betec offers the Clarus lamp in ten other lengths and with a projection of 11 cm or 17 cm.
