Descripción

The Domus Mia table lamp is operated with a hand switch on the supply line. Its G9 socket can be operated with replaceable LEDs (retrofit). The Mia table lamp is offered in five versions. From the outside, its lamp shade always has a different colour than from the inside.

- Version 1: Lamp shade outside grey, inside orange
- Version 2: Lamp shade outside grey, inside white
- Version 3: Lamp shade outside grey, inside curry
- Version 4: Lamp shade outside red, inside white
- Version 5: Lamp shade outside indigo, inside cinnamon
