material	fieltro, Lunopal, Roble, Textil
Color del cable	gris
Atenuación	cable de dimmer
base/porta lámparas	E27
Alimentación (máx. Watt)	15 Watt
LED	incluyendo
Diamètre de l'ombre	15 cm
reemplazo de la bombilla:	en el sitio mismo
altura total	55 cm

Descripción

The Domus Fläks Wall Lamp is altogether 55 cm high and has a depth of 20 cm. Its lamp rod is made of oak. Its multi-part lamp shade in white transparent can be opened in different ways. Depending on the position of the lamp shade, different light effects can be created. The lamp shade is made of high-quality Lunopal, a material that Domus has developed especially for its lamp shades and that reminds of fine Japanese paper. It is particularly environmentally friendly and does not fade. The Fläks Wall Lamp has an E27 socket and is operated with a replaceable LED (retrofit). A hand dimmer is integrated on the supply line. The scope of delivery includes a wooden hook with a wool white head surface. A set of five wooden hooks with different coloured heads is offered as an accessory.
