Descripción

The Bover Garota P/01 Outdoor LED floor lamp emits its light directly downwards and through the wickerwork of the lamp shade to the sides. With a protection class of IP66, the floor lamp can also be used as an outdoor lamp. The Garota P/01 Outdoor LED is 61 cm high and has a diameter of 72 cm. The floor lamp is available in the shade colours ivory white and brown. The metal surfaces and the lamp base made of stainless steel are provided with an epoxy-polyester lacquer during the production and are thus weather-resistant.

The light source of the Garota P/01 Outdoor LED is a powerful LED with a colour temperature of 2,700 Kelvin extra warm white. The floor lamp is offered as non-dimmable or dimmable with a trailing edge phase dimmer. The non-dimmable floor lamp is connected via a 369 cm long black cable with plug. The dimmable lamp is connected via a connection box and can be fixed to the ground using the accessories supplied. This lamp, which is also suitable for outdoor use, can be fixed to concrete, hollow concrete, lightweight concrete, brick, hollow brick and natural stone.
