

Catellani & Smith

Ettoreino Clamp

Oberfläche

- negro
- multicolor
- blanco

Technical details

País de la Fabricación	 Italia
fabricante	Catellani & Smith
diseñador	Enzo Catellani
año	2022
protección	IP20
Volumen de suministro	LED
Proyección en cm	73
material	aluminio, latón, plancha
Atenuación	cable de dimmer
Potencia en vatios	10 W
LED	incluyendo
Indice de reproduccion cromatica	80
El flujo luminoso en lm	1.440
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
reemplazo de la bombilla:	en el sitio mismo
Dimensiones	H 28 - 90 cm

Descripción

The Catellani & Smith Ettoreino Clamp can be clamped to tables, shelves etc. and can also be attached to a new location if required. The Ettoreino clamp lamp can be directed flexibly. The lamp arm can be tilted and swivelled. The lamp head can also be rotated and tilted. In addition, the clamp light can be rotated 350 degrees around its own axis via a joint on the lamp base. Depending on how the lamp is aligned, the lamp head has a height of between 28 cm and 90 cm. A patented process ensures that the lamp remains stable in any selected position.

The Ettoreino Clamp is suitable for tables with a thickness of up to 5.5 cm. The clamp lamp is available in the surfaces white, black and multicoloured. A small, red, human figure adorns the arm of the lamp as a design element. The clamp lamp is regulated via a dimmer on the supply line. The lamp is operated with an integrated LED with a colour temperature of 2,700 Kelvin extra warm white.
