

Knapstein

TILDA-T

Oberfläche

- níquel
- bronce
- arena
- negro

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
año	2024
material	Acryl, Steel
lámpara pie	Ø13 cm
Atenuación	control por movimientos
Potencia en vatios	17 W
LED #	inclusive
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	1904
Temperatura de color en grados Kelvin	2.200-3.500
protección	IP20
Volumen de suministro	LED
Dimensiones	H 30 cm

Descripción

The Knapstein TILDA-T LED table lamp is equipped with a sensor dimmer that can be used to switch the lamp, dim it continuously and change the light colour. The sensor is located on the underside of the light head. Simply swipe the sensor to switch the table lamp on or off. The light colour can be adjusted to a warmer tone (from a colour temperature of 3,500 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The Knapstein TILDA-T is available in several different surfaces.
