

Knapstein

TESSA-T

Oberfläche

- níquel
- negro
- bronce

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
año	2023
Proyección en cm	42,5
material	Acryl, Steel
lámpara pie	Ø22 cm
Atenuación	control por movimientos
Potencia en vatios	17 W
LED #	inclusive
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	1904
Temperatura de color en grados Kelvin	Dim to warm
protección	IP20
Volumen de suministro	LED
Dimensions	H 47 cm

Descripción

The Knapstein TESSA-T LED table lamp is equipped with a sensor dimmer that can be used to switch the lamp, dim it continuously and change the light colour. The sensor is located on the underside of the light source. Simply swipe the sensor to switch the TESSA-T table lamp on or off. The light colour can be adjusted to a warmer tone (from a colour temperature of 3,500 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. This flexibly adjustable table lamp has a ball joint at the base. An additional swivelling and tilting joint on the lamp arm and reflector ensures precise alignment of the light. The Knapstein TESSA-T is available in various surfaces.
