Description

The Foscarini Birdie Tavolo Piccola is the small table lamp from the popular Birdie collection. The lamp rod and base are made of painted steel, the lamp shade of polycarbonate. The Birdie Piccola Tavolo is available in different colours. The lamp shade allows a good illumination of the underlying surface and an efficient reflection upwards.

The Birdie Tavolo by Foscarini is operated with a halogen bulb max. 70 Watt or optionally with a max. 20 Watt energy saving lamp. An on-off switch is integrated on the supply line. A version of the table lamp with integrated LED is also available.
