Piani Mono 125 Downlight

Oberfläche

- aluminium poli
- Matt aluminium
- noir mat

Leuchte

- réglable en hauteur
- réglable en hauteur

Technical details

Pays de fabrication	 Allemagne
fabricant	Byok
concepteur	Kai Byok
protection	IP20
Contenu de la livraison	LED
matériel	aluminium
longueur de câble	300 cm
atténuation	dimmerable sur place avec commande gradateur de phase inverse
LED	y compris
Indice de rendu des couleurs	>90
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	chez le fabricant / a l'usine
Les performances du système	8 x 3,6 Watt
Flux lumineux total en LM	2.440
Dimensions	H 1 cm B 5 cm L 125 cm

Description

The Byok Piani Mono 125 is a pendant lamp. It is part of the Piani collection designed by Byok. Its unusual shape is only 1 cm thin. This lamp pleasantly illuminates the room in an almost agravic way. The eight LED bulbs are placed inside sockets so that you may exchange them singly. Following surfaces are offered: aluminum matt, aluminum polished or black matt. The light is offered either height-determinable (can be set to the desired length during assembly) or height-adjustable (the overall height can also be adjusted after assembly).

The integrated LEDs can be **dimmed on site with a trailing edge phase dimmer**. On request, they are also available with gesture control and Dim2Warm technology. With gesture control, the light is dimmed by holding the hand flat under the lamp. With Dim2Warm technology, the light takes on a warmer colour when dimmed. When dimmed, the light colour of the LEDs changes from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white. The dimming range is between 0 and 100 percent.
