## Squadra Mono 125

### Oberfläche

- aluminium poli
- Matt aluminium
- Aluminium noir
- satin poudre blanche enduite

### Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>fabricant</b>	Byok
<b>concepteur</b>	Kai Byok
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	LED
<b>matériel</b>	aluminium
<b>longueur de câble</b>	250 cm
<b>réglage de la hauteur</b>	hauteur déterminée
<b>atténuation</b>	dimmerable sur place avec commande gradateur de phase inverse
<b>LED</b>	y compris
<b>Indice de rendu des couleurs</b>	90
<b>La température de couleur en Kelvin</b>	2.700 extra blanc chaud
<b>Les performances du système</b>	8 x 3,6 Watt
<b>Flux lumineux total en LM</b>	2.448
<b>répartition de la lumière</b>	indirectement
<b>Dimensions</b>	H 4 cm   B 9 cm   L 125 cm

### Description

The Byok Squadra Mono 125 is an elongated pendant lamp in a clear design. This creates the characteristic lines. The suspension hooks are attached to one side of the Squadra Mono 125. The filigree steel cables emphasise the puristic look.

The ends of the lamps are closed with matt-transparent and translucent end caps. In this way, the Squadra Mono 125 sets additional light accents when illuminated. The integrated LEDs can be dimmed on site with a trailing edge phase dimmer. On request, they are also available with gesture control and Dim2Warm technology. With gesture control, the light is dimmed by holding the hand flat under the lamp. By using Dim2Warm technology, the light takes on a warmer colour when dimmed. When dimmed, the light colour of the LEDs changes from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white.

The LED lamps are integrated in sockets, so the bulbs can be replaced individually. The Squadra Mono 125 is available in four finishes. Byok also offers two larger lamps from the Squadra Mono series (Squadra Mono 165 and 200).
