Technical details

Pays de fabrication	 Espagne
fabricant	Vibia
concepteur	Lievore Altherr Molina
année	2012
protection	IP20
Contenu de la livraison	LED
matériel	acier, aluminium, méthacrylate
réglage de la hauteur	hauteur déterminée
atténuation	1-10V dimmable
LED	y compris
Indice de rendu des couleurs	>90
La température de couleur en Kelvin	2.700 extra blanc chaud
Diamètre de l'ombre	30 cm
Les performances du système	5 x 9,3 Watt
Flux lumineux total en LM	5.205
hauteur totale	200 cm
Dimensions	B 64 cm L 148 cm

Description

The Vibia Skan 0282 is a pendant lamp with five lamp shades. From an elongated canopy with a length of 147.5 cm five lamp shades hang, each 30 cm in diameter. In each of these lamp shades one efficient 9.3 watt LED is installed. Each lamp shade is determinable in total height up to 200 cm. The Skan was an idea of the design team Lievore, Altherr and Molina. It is available in white, terra red, beige, blue, green or black. The lamp is with 1-10 Volt or Push dimmable on site. On request, versions are available that are DALI dimmable or which are dimmed by smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer. The lamps are also available on request with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white or with a special cable length.
