Description

The Vibia Halo Circular 2330 is a single-lamp pendant lamp with modern LED technology. The designer Martín Azúa created the lamp with a circular annular body lamp of matt white polymethylmethacrylate.

It is height determinable and can be hung up to 250 cm, the lamp can be hung horizontally or diagonally. An efficient LED is included. The lamp is on site dimmable (electronic 1-10V). A DALI or a with Casambi module dimmable version is also available on request. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer. The light emission of the Halo Circular 2330 is gentle and is referred to by Vibia as "almost magical light".
