### Description

The Foscarini Tress Terra media is a floor lamp creating highlights inside every room. The diffuser is made of a network of straps and resin giving structure and depth to this light. An interesting composition of light and shadows is created by the interplay of filled and hollow parts.

The Tress Terra media is 110 cm high. Like all lights of this series the Tress Terra Media is available in white, black and greige (grey-beige) as well. It requires 1 x halogen PAR 30 max 100 watts.
