Description

The Ingo Maurer Floatation pendant lamp is a real eye-catcher above the dining table or as normal illumination of a room. The three shades of this extraordinary pendant lamp are made of Japanese paper spending a soft and warm lighting. The light is softly distributed inside the room through the nice paper which is crumpled with intent. The Ingo Maurer Floatation is available in three versions differing in the size of the lampshade. The height is adjusted by the red lacquered iron ring, to which a counterweight is attached. Lifting the iron ring lowers the lamp downwards. This lamp is a special eye-catcher for every room. All Floatation lamps are intended for 2 x 40 Watt + 2 x 60 Watt + 1 x 100 Watt E27-socket. The Floatation version 1 is large with a diameter of 120 cm, the version 2 is a medium-sized version with a diameter of 100 cm and the version 3 is small with a diameter of 75 cm.
