matériel	acier Inoxydable, aluminium, verre
atténuation	dimmerable sur place
base/version	E27
Puissance (max. Watt)	75 Watt
Dimensions	H 25 cm Ø 20 cm

Description

The Ingo Maurer Spock can be used as a ceiling or wall lamp. It has a ball joint, cause of this the lamp is flexibly adjustable. This lamp is made of high quality stainless steel, glass and aluminium. There are possible two mounting options: flush or surface mounting. The flush-mounting needs an existing flush-mounted box. For surface mounting, the surface-mounted box and a cover with a diameter of 8 cm are included. On-site dimming is possible.
