Description

The Ingo Maurer Ringelpiez floor lamp has a ring-shaped lamp head whose angle is adjustable. Also, the orientation can be changed as uplight or downlight so that the light can produce light upwards or downwards. In addition, the rod to which the head is attached can also be adjusted from 150 to 210 cm. The cable is integrated in the lamp rod. Two openings are placed in the base with which the rod can be fixed vertically or with a slight inclination. The Ingo Maurer floor lamp has a black ring and can be steplessly dimmed via a dimmer on the cable. Maurer and his team designed this lamp in 2016.
