<b>La température de couleur en Kelvin</b>	2.700 extra blanc chaud
<b>canopée Dimensions</b>	16 cm
<b>Diamètre de l'ombre</b>	70 cm
<b>Les performances du système</b>	2 x 5,6 Watt
<b>hauteur totale</b>	200 cm
<b>Dimensions</b>	H 80 cm

### Description

The Vibia Flamingo 1510 has a lamp head under the two shades that emits both direct and indirect light. A lamp rod is located centrally in the lamp. The lamp head is attached to the lower end of the lamp rod. The two conical shades are made of translucent methacrylate. They direct the light to the ceiling and additionally reflect a part of the light into the room. The lamp rod, the lamp head as well as the canopy are offered in four versions: graphite-grey matt lacquered, white matt lacquered, gold satin matt and copper glossy. The pendant lamp can be suspended by a maximum of 200 cm. By cutting the cables, the suspension height can be varied as required. On-site dimming of the pendant light is possible. On request also a version is offered, which can be dimmed with a smartphone.
