<b>La température de couleur en Kelvin</b>	2.700 extra blanc chaud
<b>Diamètre de l'ombre</b>	6 cm
<b>Pied de lampe dimensions</b>	16 cm
<b>Dimensions</b>	H 125 cm

### Description

The Vibia Pin 1660 floor lamp has a lamp rod with a total height of 125 cm. Its light arm has a reach of 25 cm. The light can be readjusted again and again because the light rod can be rotated by 350 degrees. In addition, the lamp head can be swivelled by an angle of 45 degrees and rotated by 350 degrees around its own axis. With the Pin Collection, designer Ichiro Iwasaki explores concepts that combine comfort and continuity. The lamps of this collection are characterised by a very subtle, functional and minimalist design. The floor lamp Pin 1660 is available in the surfaces cream-white, black, green and white. All versions are matt lacquered. The on/off switch is integrated in the supply line.
