

Vibia

Mayfair 5525

Oberfläche

- gris graphite
- cuivre
- or
- blanc

Technical details

Pays de fabrication	 Espagne
fabricant	Vibia
concepteur	Diego Fortunato
année	2016
protection	IP20
Contenu de la livraison	LED
Diamètre en cm	30
matériel	acier, polycarbonate
réglage de la hauteur	hauteur déterminée
atténuation	1-10V dimmable
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	2.027
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	16 cm
Les performances du système	1 x 2,4 + 1 x 12,6 Watt
hauteur totale	200 cm
Dimensions	H 6 cm Ø 30 cm

Description

The Vibia Mayfair 5525 pendant lamp emits most of the light directly downwards. Only a very small part of the light is emitted upwards and reflected from the wall or ceiling. With this pendant lamp the designer Diego Fortunato updates the design of pendant lamps over billiard tables in a fresh and innovative way. The lamp is available in the following surfaces: graphite grey matt lacquered, gold satin matt, white matt lacquered and copper satin. The pendant lamp cable can be shortened if required. The light can be dimmed by the customer with 1-10 volt or Push and is also available on request as a DALI dimmable or with Casambi module dimmable version. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. The Casambi technology also offers the option of switching the light on at specific times via a timer. On the Mayfair 5525, the shade is opaque and made of steel. In addition to this light there is also offered the Mayfair 5520 from the series with a translucent shade of methacrylate and other surfaces.
