<b>La température de couleur en Kelvin</b>	2.700 extra blanc chaud
<b>Dimensions</b>	Ø 25 cm

### Description

The Marset Aura Plus wall lamp emits its light backwards to the wall, from where it is partly distributed by the glass shade into the room. This lamp has a lamp shade made of mouth-blown glass. The shade has a diameter of 25.3 cm and is available in smoke, transparent, opal and copper finishes. The LED is integrated in the front round part of the light and each version has a heat sink in black painted aluminum.
